Dear Johan,

Approval of the Public Participation (PP) Plan for the Scoping and Environmental Impact Assessment and The Water Use License Authorisation Applications for the proposed Lower Coerney Balancing Dam, Sundays River Valley Local Municipality, Eastern Cape Province, received by this Department on 11 November 2021, refers.

Based on the information provided this Department decided to **approve** the PP Plan for the proposed project. You may proceed with the PP process in accordance with tasks contemplated in the PP plan.

Should you wish to deviate from the submitted PP Plan, the amended PP Plan must be submitted to the Department for approval prior commencement.

A copy of the PP Plan and this approval must be submitted as part of the application form when the application is lodged.

Also note that submission of a PP Plan and approval thereof do not negate your responsibility to comply with the requirements for public participation in terms of Regulations 39, 40, 41, 42, 43 & 44 of the EIA Regulations 2014, as amended.

Regards
Lunga

Dear Johan

BY LODGING AN APPLICATION ONLINE, YOU AGREE TO THE RULES AND REQUIREMENTS OF THE EMAIL BELOW AND THE ATTACHMENTS.

Kindly note that applications/documents submitted on a Saturday, Sunday or Public Holiday will be noted as having being received on the next working day.

N.B. the CD:IEA of the Department of Environment, Forestry and Fisheries has decided that for every new application; where Public Participation must be conducted, it is a requirement of this Department that a pre-application meeting request is submitted and a Public Participation Plan (PPP) is approved prior to lodging the application. Please submit a request for a Pre-application Meeting and attach the PP Plan for approval, the allocated official will revert back to you with a decision on the meeting request and a decision on the PP Plan.

Submitting any application or documents for approval, including an amendment application, where public participation is needed to be conducted, without the minutes of the pre-application meeting (or an email confirmation from the relevant allocated official stating that a meeting is not necessary), and the approval of the PP Plan will result in the application not being considered and the removal thereof from the system.

You are requested to ensure that you fully comply with the rules for submitting documents to the Department as outlined in the attached "[Process for Submitting files to the CD IEA_112021.pdf](#)" document. If the correct procedure for submitting applications/documents are not followed, or incomplete or unsigned forms are submitted, your application/documents will not be considered and will therefore be removed from the system.

You are further informed that our application templates have also been amended, and all clients must use the latest templates, which can be found on our website: <https://www.environment.gov.za/documents/forms>. Failure to do so will result in your documents being removed from the system.

Please ensure that the document control form is completed and attached to the email, indicating proof of submission.
