Subject: PROPOSED MINING OF QUARRY 6A AND THE ROAD UPGRADE OF MOLOTO ROAD
Date: Monday, 28 June 2021 20:45:55

Kirthi,

I am unfortunately not for the proposed development that you have planned for our area. There is just too much that I can not stand that will come with your development. The increase in dust will further deteriorate the health of my loved ones that already suffers with damaged lungs. The increase of people into our area which will automatically lead to a higher crime rate. With the amount of traffic that will come with your development it will no longer be safe for any of our children to move around safely. The noise levels will go up and that is definitely not why we live here. This does not even include employment seekers that will swarm our properties yet again leaving us open to crime. This will also severely impact the values of both of my properties that is directly impacted by your proposed development. The impact of your proposed development is just too high for us to accept it any way.

There are other options for your road that is just as suitable as your proposed road leading to the quarry that has minimal impact on the surrounding properties.

Me and my family therefore are not in favor for your planned development.

Cecile Swart
