**Subject:** Proposed mining of quarry 6

Good day,

With this email please find my comments on the proposed subject.  
Residential address: Plot 219 Lalapalm Street, Kameeldrift East.

Comments:

If the road like it is now is going to be used to the quarry, its directly through my property. I am a game and vegetable farmer  
and the dust from the extra/heavy traffic will severely affect me.

My house is also next to the road so the dust is also going to affect my family.

Blasting will also be a problem with the animals on my property.
