Subject: Process for Mining - Upgrading Moloto Rd and K139 - Gauteng Province

Good morning Sir/Madam,

Thank you for the notification we received in our gate last week.

We have 2 questions at the moment.

When are you intending to start this process of upgrading the Moloto Rd and the R573?

As the upgrading and mining will have direct affect on us, can you please let us know if the Maroela Rd and the Lalapalm Rd will be tared? as there is already a lot of traffic on these graffle roads and a lot of dust in winter times and in summer times a lot of mud.

Please let us know.

Regards,

Mr MJ and GJ van den Berg
