Subject: SANRAL Quarry 6A & 6B
Importance: High

Hi,

Please provide me more detail on the the Proposed Quarry,

As we live on Maroela road that will possibly be used to access the quarry 6A

The road is already in a Very Bad state, What would be done regarding the additional heavy duty traffic on the road and the safety of the intersection with R573, very accident prone.

What would the impact be on Ground water as this will effect our Agriculture in the Area.

Your response regarding the above will be appreciated.

We stay at 47 Maroela ave, Kameeldrift East.

Kind Regards

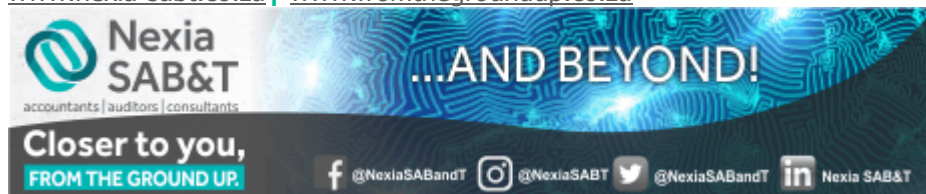

Tom Muller
